

NICK PLUS 220 - 28 L TROLLEY
Product code. 0P036559

A new line of compact trolleys completely made of plastic. Modular and strong Nick Plus, built up on the structure of Nick 25 L, has been designed and developed for daily cleaning as well as special cleaning requirements of small and medium areas. They can be assembled in few minutes thanks to the innovative joint system of its components and to the total absence of screws. Different accessories like bag holder, 4-l buckets and so on make Nick Plus very modular and universal to wash floors or thoroughly clean different areas.
